Bath Oct. 29/53

My dear Sir,

I read this morning
the Taranaki Herald, which
I feel confident I may thank
you for, since it contains the
announcement of your election
as Superintendent of New Ply-
mouth. For you will know
that I take an interest in
whatever concerns you.
I hope your difficulties with
our Government here are all
over, and that you will
find more in New Zealand.
You have a great advantage
in possessing the language
and the confidence of the
natives, and I trust they
find an equal one in your
intelligence, integrity, and
protection. If I knew of any
means of being of any service
and such, I would send you
some. I have published
in the Taranaki Herald, the
poor creature persuaded by
the Government of Taranaki for
the purpose of making the
Taranaki Herald. I have
written on these subjects of mine
written on these subjects of mine
Yours very truly
W. J. L. L.
